Race Registration 12:00 - 13:30

Please note that all athletes will be required to show their 2010 British Triathlon Federation Race Licence or an alternative form of photographic identification.

Please ensure that before registering you know your race number. This can be found either from the competitors entries list on our race website or on the board by the registration area. First you must visit the 'BTF Day Licence Desk'. If you have applied for a BTF Day Licence when entering, this will be issued to you at this point. If you did not apply for a BTF Day Licence, then you will be required to show your 2010 British Triathlon Federation Race Licence. If you are unable to do this, for any reason, then you will be required to purchase one for £5 before being allowed to register. There will be NO exceptions to this ruling. If you have a 2010 British Triathlon Federation Race Licence, please bring it with you. This is to stop people exchanging entries & ensures that all competitors are insured to compete in the event.

Continue forward and find the appropriate numbered table to collect your race envelope. This will contain 2 x race numbers and 1 x frame sticker. Please keep these safe, as they are required to allow entry into the transition area. Next collect your event shirt. Finally, collect your Timing Chip, when you collect your Timing Chip it will be checked to ensure your details are correctly stored. Do not lose your Timing Chip as you will need it to race.

Friendly Race Briefing (14:15)

This will take place inside the transition area. If you are unsure about anything please attend. The Race Briefing will inform you of any last minute route changes and safety points. If you have any questions or queries on race day, please ask them after the Race Briefings.

Race Start / Wave Times

Wave times will be confirmed closer to the event.

Transition Area

The Transition Area will be situated on the Water Sports Complex Car Park and is a fully secured area for competitors only. This is where you will keep your bike during the swim and run sections. To get into the Transition Area you must show your race number at ALL times. You will also be asked to show both your race number & bike number when taking your bike out. This is for your security. The Transition Area will not close during the event, so please understand that if you are not racing that you will be asked to make a clear way for racing competitors.

The Team Event

Only one person is required to register for the whole team, but will be required to show ALL of the 2010 BTF Race Licences for those teams that have not paid for their Day Licence(s) when entering. All relay team tags will take place by the team's bike racking position, inside the transition area. The swimmer will finish their swim, exit through the fire doors and then run to tag their team cyclist inside the transition area. The cyclist's bike must stay racked until the swimmer has tagged the cyclist. When the team cyclist finishes, he/she must

re-rack their bike before tagging the team runner. All tagging will take place by passing the Timing Chip to the next team member.

What Will You Need?

For many people this will also be their first triathlon and you do not need all of the kit. There are certain items that you will need; a swimming costume, a road worthy bike, an approved cycling helmet and a pair of shoes for the cycling and running sections. We strongly recommend that a wetsuit is used, **Rother Valley Country Park has approximately 100 wetsuits of various sizes available for hire by telephoning 0114 2471452.** All other extras such as elastic laces, specific triathlon clothing and tri-bars are not a necessity but will help you on the day. For further advice please contact Total Fitness Nottingham (TFN) on 0115 9222226.

Electronic Timing

To ensure accurate times and results, every competitor will receive a timing chip to use whilst racing. Using this cutting edge technology will mean results, splits and category positions will be updated live as competitors pass the finish line. There will be a large plasma screen providing live results to all competitors and spectators at the finish area. Full details regarding securing your timing chip whilst racing will be issued at registration. When you have finished, please remember to return your timing chip to our officials. If your timing chip is not returned after the race, you will be charged £25 for the chip. Please also ensure that you do not cross the mats, which register your times except in the case of when you are competing. To avoid this problem do not move barriers as they are in place to prevent access to these areas prior to the event. Failure to comply with this request will trigger your timing chip and will invalidate your result.

The Course - 200 METRE SWIM - 10KM BIKE - 4KM RUN

The course design will be very simple and will allow for excellent viewing opportunities of this fun women's only tri!

Swim

The swim will be a basic square, which stays close to the side of the lake at all times, ensuring that the competitors feel comfortable with their position in the water. There will be numerous canoes in the lake to guide you and provide safety cover. If you get into difficulty, turn on your back and raise one arm; a canoe will then escort you to the bank. All competitors please note: United Kingdom inland waters are not completely safe for swimming, although risks of disease are low and risks of serious infection are minute. A swimmer may be susceptible to infection through immune suppression, particularly if he or she is not in good health at the time of swimming. You are advised not to drink the lake water. If you are unwell, please do not take part in the event.

Bike

Please note the path surface is currently sandstone we are in the middle of a Sport England bid to apply for a concrete surface to be installed, updates will be made via our website.

From the swim, you will exit directly into the transition area. It is important that you understand all of the entrance and exit points of the transition before you start. There are also specific points where you must mount and dismount your bike. An important rule that must be adhered to: "competitors are required to fasten their helmet before touching their cycle in the transition area". The cycle route is

very easy to follow it is simply 2 X 5KM laps on the pathway which circles around both lakes in an anti-clockwise direction. Each of your laps will be counted by an electronic timing matt, but during the race it is your responsibility to count your own 2 laps.

Run

On leaving the transition area, follow the race marshal's directions guiding you onto the same pathway used for the bike section, where you will complete 1 x 4KM shorten lap around the lake. When you have finished, please remember to return your Timing Chip to our officials.

Race Rules

The event will be held under the rules of the British Triathlon Federation.
