British Triathlon places a great deal of importance on increasing opportunities for Paratriathletes to be able to take part in and enjoy the sport. The governing body aims to improve the quality and frequency of events, looking to raise the number of race starts for paratriathletes in Great Britain. There is also an emphasis placed on improving the quality of coaches working with athletes with a disability across the breadth of the sport, top to bottom, as British Triathlon aims to create an environment in which everyone is able to achieve their personal triathlon challenges.

As part of Corus' long-standing commitment to Triathlon in Britain, the steel maker is delighted to extend its partnership with the British Triathlon Federation to include today's Championship race. sticker. Please keep these safe, as they are required to allow entry into the transition area. Next collect your event shirt. Finally, collect your Timing Chip, when you collect your Timing Chip it will be checked to ensure your details are correctly stored. Do not lose your Timing Chip as you will need it to race.

There will be no registration after 11:30. Any competitors that have not registered by 11:30 will lose their place in the event.

Race Briefings

There will be a race briefing taking place inside the transition area at 11:45. If you are unsure about anything please attend. Race Briefings will inform you of any last minute route changes and safety points. If you have any questions or queries on race day, please ask them after the Race Briefings.

Race Start / Wave Times

There will be a single wave at 12 noon.

Transition Area

The Transition Area will be situated on the Water Sports Complex Car Park and is a fully secured area for competitors only. This is where you will keep your bike / wheelchair during the swim and run sections. To get into the Transition Area you must show your race number at ALL times. You will also be asked to show both your race number & bike number when taking your bike / wheelchair out. This is for your security. The Transition Area will not close during the event, so please understand that if you are not racing that you will be asked to make a clear way for racing competitors.

What Will You Need?

You will need a swimming costume or swimming trunks, a road worthy bike or wheelchair, an approved cycling helmet and a pair of shoes for the cycling and running sections. We strongly recommend that a wetsuit is used, **Rother Valley Country Park has approximately 100 wetsuits of various sizes available for hire by telephoning 0114 2471452.** All other extras such as elastic laces, specific triathlon clothing, tri-bars, racing wheelchair are not essential but may help you on the day. For further advice please contact Total Fitness Nottingham on 0115 9222226.

Electronic Timing

To ensure accurate times and results, every competitor will receive a timing chip to use whilst racing. Using this cutting edge technology will mean results, splits and category positions will be updated live as competitors pass the finish line. There will be a large plasma screen providing live results to all competitors and spectators at the finish area. Full details regarding securing your timing chip whilst racing will be issued at registration. When you have finished, please remember to return your timing chip to our officials. If your timing chip is not returned after the race, you will be charged £25 for the chip. Please also ensure that you do not cross the mats, which register your times except in the case of when you are competing. To avoid this problem do not move barriers as they are in place to prevent access to these areas prior to the event. Failure to comply with this request will trigger your timing chip and will invalidate your result.

The Course - 750 METRE SWIM - 20KM BIKE - 5KM RUN

The Swim - 750 Metres

The swim will take place in the main lake of Rother Valley Country Park. You will be supplied with a swim hat, please wear this to help the race organisers identify which wave you are in.

The route for the 750 metre swim will be a single triangular lap, with 2 right hand turns. The swim course will be marked with 1.5 metre orange buoys at each turn and the swim exit. The route will be marked from Friday evening. There will be numerous canoes in the lake to guide you and provide safety cover. If you get into difficulty, turn on your back and raise one arm; a canoe will then escort you to the bank. Remember keep the buoys to your right. All competitors please note: United Kingdom inland waters are not completely safe for swimming, although risks of disease are low and risks of serious infection are minute. A swimmer may be susceptible to infection through immune suppression, particularly if he or she is not in good health at the time of swimming. You are advised not to drink the lake water. If you are unwell, please do not take part in the event.

The Bike - 20KM

Please note the path surface is currently sandstone we are in the middle of a Sport England bid to apply for a concrete surface to be installed, updates will be made via our website.

From the swim, you will exit directly into the transition area. It is important that you understand all of the entrance and exit points of the transition before you start. There are also specific points where you must mount and dismount your bike. An important rule that must be adhered to: "competitors are required to fasten their helmet before touching their cycle or wheelchair in the transition area". The cycle route is very easy to follow it is simply 4 X 5KM laps on the pathway which circles around both lakes in an anti-clockwise direction. It is your responsibility to count your own 4 laps.

The Run - 5KM

On leaving the transition area, follow the race marshal's directions guiding you onto the same pathway used for the bike section, where you will complete 1 x 5KM lap around both lakes in an anti-clockwise direction. When you have finished, please remember to return your Timing Chip to our officials.
