Race Registration Sat 15:00 - 17:00 & Sun 06:00 - 07:30

Please note that all athletes will be required to show their 2010 British Triathlon Federation Race Licence or an alternative form of photographic identification.

Having pre entered for the event either online or by post, all competitors will need to register between the time stated above.

Race Registration will take place in the main building of the Courtyard area - follow the signs.

Please ensure that before registering you know your race number. This can be found either from the competitors entries list on our race website or on the board by the registration area. First you must visit the 'BTF Day Licence Desk'. If you have applied for a BTF Day Licence when entering, this will be issued to you at this point. If you did not apply for a BTF Day Licence, then you will be required to show your 2010 British Triathlon Federation Race Licence. If you are unable to do this, for any reason, then you will be required to purchase one for £5 before being allowed to register. There will be NO exceptions to this ruling. If you have a 2010 British Triathlon Federation Race Licence, please bring it with you. This is to stop people exchanging entries & ensures that all competitors are insured to compete in the event.

Continue forward and find the appropriate numbered table to collect your race envelope. This will contain 2 x race numbers and 1 x frame sticker. Please keep these safe, as they are required to allow entry into the transition area. Next collect your event shirt. Finally, collect your Timing Chip, when you collect your Timing Chip it will be checked to ensure your details are correctly stored. Do not lose your Timing Chip as you will need it to race.

Race Briefing

There will be a race briefing taking place inside the transition area at 08:00. If you are unsure about anything please attend. The Race Briefing will inform you of any last minute route changes and safety points. If you have any questions or queries on race day, please ask them after the Race Briefing.

Race Start / Wave Times

Wave times will be confirmed closer to the event.

Transition Area

The Transition Area will be situated on the Water Sports Complex Car Park and is a fully secured area for competitors only. This is where you will keep your bike during the swim and run sections. To get into the Transition Area you must show your race number at ALL times. You will also be asked to show both your race number & bike number when taking your bike out. This is for your security. Please understand this will cause queues during peak times, but it is for your benefit. The Transition Area will not close during the event, so please understand that if you are not racing that you will be asked to make a clear way for racing competitors.

2010 WORLD & 2011 EUROPEAN CHAMPIONSHIPS - QUALIFYING EVENT

ROTHER VALLEY COUNTRY PARK - SUNDAY 13TH JUNE 2010 - 08:15

Please note that all athletes will be required to show their 2010 BTF Race Licence or an alternative form of photographic identification.

The Team Event

Only one person is required to register for the whole team, but will be required to show ALL of the 2010 BTF Race Licences for those teams that have not paid for their Day Licence(s) when entering. All relay team tags will take place by the team's bike racking position, inside the transition area. The swimmer will finish their swim, exit through the fire doors and then run to tag their team cyclist inside the transition area. The cyclist's bike must stay racked until the swimmer has tagged the cyclist. When the team cyclist finishes, he/she must re-rack their bike before tagging the team runner. All tagging will take place by passing the Timing Chip to the next team member.

What Will You Need?

For many people this will also be their first triathlon and you do not need all of the kit. There are certain items that you will need; a swimming costume, a road worthy bike, an approved cycling helmet and a pair of shoes for the cycling and running sections. We strongly recommend that a wetsuit is used, **Rother Valley Country Park has approximately 100 wetsuits of various sizes available for hire by telephoning 0114 2471452.** All other extras such as elastic laces, specific triathlon clothing and tri-bars are not a necessity but will help you on the day. For further advice please contact Total Fitness Nottingham (TFN) on 0115 9222226.

Electronic Timing

To ensure accurate times and results, every competitor will receive a timing chip to use whilst racing. Using this cutting edge technology will mean results, splits and category positions will be updated live as competitors pass the finish line. There will also be a large plasma screen providing live results to all competitors and spectators at the finish area. The timing chip will be worn on your leg, around the ankle. When fitting your chip it is useful to smear a small amount of lubricate to stop any chaffing. Full details regarding this will be issued at registration. When you have finished, please remember to return your timing chip to our officials. If your timing chip is not returned after the race, you will be charged £25 for the chip. Please also ensure that you do not cross the mats, which register your times except in the case of when you are competing. To avoid this problem do not climb over barriers as they are out in place to prevent access from these areas prior to the event. Failure to comply with this request will trigger your timing chip and will invalidate your result.

The Course - 750 METRE SWIM - 25.4KM BIKE - 5KM RUN

Swim

The swim will take place in the main lake of Rother Valley Country Park. The route for the 750 metre swim will be a single triangular lap, with 2 right hand turns. The swim course will be marked with 1.5 metre orange buoys at each turn and the swim exit. The route will be marked from Saturday evening. There will be numerous canoes in the lake to guide you and provide safety cover. If you get into difficulty, turn on your back and raise one arm; a canoe will then escort you to the bank. Remember keep the buoys to your right. All competitors please note: United Kingdom inland waters are not completely safe for swimming, although risks of disease are low and risks of serious infection are minute. A swimmer may be susceptible to infection through immune suppression, particularly if he or she is not in good health at the time of swimming. You are advised not to drink the lake water. If you are unwell, please do not take part in the event.

Bike

From transition, you will follow the internal road to the main entrance. At the main entrance you will turn right, at this point you are about to start a steady but consistent 3 kilometres of climbing. Gear selection for the first section will be important. After turning right, you will go through a small residential area before turning left and the steepest section of the 3km. Follow this road (A618), after approx. 4km, you will pass a left hand turn, go straight on here, but this will be the start of the loops section. You will complete 2 loops before turning right at the end of the loop and return to Rother Valley Country Park.

The Loop

Each loop is approx. 8.8 kilometres or 5.3 miles & consists of 3 roads only. Continuing on the A618, once you have started the loop the road continues slightly uphill before flattening out and starting a downhill technical section including a number of tightish turns. This is followed by a shorter but steeper climb before turning a hard left towards Harthill. Once on the Harthill road, you will descend for 500 metres, followed by an immediate uphill. Again, gear selection will be very important to try to keep your speed up from the downhill section. After this uphill, you will then descend again into Harthill. Harthill is a residential area with speed humps & there may be some cars parked on the road, please proceed with extra care at Harthill. In Harthill, you will turn left at a mini island. This road is mainly flat for the first 2 km, there are some sections of poor road surface, so please be aware of these. After this flat section, you will drop downhill for a short distance, before then starting the final climb of each loop to the end of the loop.

If you are continuing, then turn left at the top of the hill. If you have finished the required amount of loops, please turn right. There will be Police at all of the main junctions to support riders during the event.

Run

On leaving the transition area, follow the race marshal's directions guiding you onto the internal pathway which surrounds the 2 main lakes, where you will complete 1 x 5KM lap in an anti-clockwise direction. When you have finished, please remember to return your Timing Chip to our officials.

Club Relays, Nottinghamshire - 21st August

This event is now not so much about the swim, bike, run elements, but obviously these are very important. We like to think this whole weekend of fun is triathlon's answer to the Glastonbury Music Festival. Yes, there's the headline stage - over the years we have had Olympians and World Champions taking part but this weekend is also about the après triathlon. Where else can you find close to 1000 triathletes all camping and partying together?

No club should miss this event. One of the most exhilarating and fun events on the UK calendar, the Club Relays revolves around teams of four using a tagging format where *everyone swims, everyone bikes and everyone runs* in a race that looks like a mixture between competition and chaos.

Nottingham Triathlon, Nottinghamshire - 22nd August

Set at Holme Pierrepont, National Water Sports centre this is really the perfect venue for testing yourself on a perfectly flat course where the tempo is high and the volume is too. Whether you are an experienced athlete looking for a fast fast time over the sprint

distance or you are a novice competitor looking for a safe & friendly venue for your first open water triathlon, then this is perfect for you.
