**Please note that all athletes will be required to show their 2014 BTF Race Licence or an alternative form of photographic identification.**

Having pre entered for the event either online or by post, all competitors will need to register between the times stated above. Race Registration will take place on the grassed area near the Water Sports Centre – follow the signs.

Please ensure that before registering you know your race number. This can be found either from the competitors entries list on our race website or on the board by the registration area. First you must visit the 'BTF Day Licence Desk'. If you have applied for a BTF Day Licence when entering, this will be issued to you at this point. If you did not apply for a BTF Day Licence, then you will be required to show your 2014 British Triathlon Federation Race Licence. If you are unable to do this, for any reason, then you will be required to purchase one for £5 before being allowed to register. **There will be NO exceptions to this ruling. If you have a 2014 British Triathlon Federation Race Licence, please bring it with you. This is to stop people exchanging entries & ensures that all competitors are insured to compete in the event.**

Continue forward and find the appropriate numbered table to collect your race envelope. This will contain 2 x race numbers and 1 x frame sticker. Please keep these safe, as they are required to allow entry into the transition area. Next collect your event shirt. Finally, collect your Timing Chip, when you collect your Timing Chip it will be checked to ensure your details are correctly stored. Do not lose your Timing Chip as you will need it to race.

#### Transition Area

The Transition Area will be situated on the Water Sports Complex Car Park and is a fully secured area for competitors only. This is where you will keep your bike during the swim and run sections. To get into the Transition Area you must show your race number at ALL times. You will also be asked to show both your race number & bike number when taking your bike out. This is for your security. Please understand this will cause queues during peak times, but it is for your benefit. The Transition Area will not close during the event, so please understand that if you are not racing that you will be asked to make a clear way for racing competitors.

#### The Team Event

Only one person is required to register for the whole team, but will be required to show ALL of the 2014 BTF Race Licences for those teams that have not paid for their Day Licence(s) when entering. All relay team tags will take place by the team's bike racking position, inside the transition area. The swimmer will finish their swim, exit the lake and go directly into transition to tag their team cyclist inside the transition area. The cyclist's bike must stay racked until the swimmer has tagged the cyclist. When the team cyclist finishes, he/she must re-rack their bike before tagging the team runner. All tagging will take place by passing the Timing Chip to the next team member.

#### Race Briefing – TBC

There will be a race briefing taking place inside the transition area. If you are unsure about anything please attend. The Race Briefing will inform you of any last minute route changes and safety points. If you have any questions or queries on race day, please ask them after the Race Briefing.

#### Electronic Timing

Providing fast and accurate results is the most critical part of any race. At Jaguar Timing we use a RFID based timing system. Each athlete is given a "chip" that generates a unique signal when it crosses through an antenna field. By using a database to assign each participant's personal information to each chip, timing software can easily calculate each participant's time and finish place.

To maximise the success of getting your time there are a few things required:

- Wear the chip!
- When attached to the strap wear it just above your LEFT ankle with the chip arrow pointing upwards. Our antenna fields will be positioned about this height, if you wear it anywhere else it may not be read.

When fitting your chip some people find it useful to smear a small amount of lubricant around that area to prevent any chaffing. We don't need you to run over bulky mats anymore and don't worry if you don't hear it make a noise. If you have run between the antenna and worn your chip correctly we will have a time for you.

Electronically capturing each finishers time allows us to continuously post preliminary provisional results on-site during the race in a number of ways.

At the moment these Triathlon chips are re-usable and as such need to be handed back at the finish of the race or before if you have to retire early. You will incur a charge of £10 if you fail to hand it in.

**Race/Wave Start Times / Categories / Swim Cap Colours: TBC**

#### Race Numbers

Race Numbers must be worn on your back during the bike & the front during the run sections at all times. Numbers must be pinned at all four corners. Number bands are allowed.

NB. Please do not forget to bring safety pins.

sighting and 2 large orange buoys at each turn. The route will be marked from Saturday evening.

There will be numerous canoes in the lake to guide you and provide safety cover. If you get into difficulty, turn on your back and raise one arm; a canoe will then escort you to the bank. Remember keep the buoys to your left. All competitors please note: United Kingdom inland waters are not completely safe for swimming, although risks of disease are low and risks of serious infection are minute. A swimmer may be susceptible to infection through immune suppression, particularly if he or she is not in good health at the time of swimming. You are advised not to drink the lake water. If you are unwell, or have open cuts, please do not take part in the event.

#### **Bike - TBC**

From transition, you will follow the internal road to the main entrance to the park. At the main entrance you will turn right, at this point you are about to start a steady but consistent 3 kilometres of climbing. Gear selection for the first section will be important. After this right turn, you will go through a small residential area before turning left and the steepest section of the 3km. Follow this road (A618), after approx. 4km, you will pass a left hand turn, go straight on here, but this will be the start of the loops section. You will complete 2 loops before turning right at the end of the loop and return to Rother Valley Country Park.

#### The Loop

Each loop is approx. 8.8 kilometres or 5.3 miles & consists of 3 roads only. Continuing on the A618, once you have started the loop the road continues slightly uphill before flattening out and starting a downhill technical section including a number of tightish turns. This is followed by a shorter but steeper climb before turning a hard left towards Harthill. Once on the Harthill road, you will descend for 500 metres, followed by an immediate uphill. Again, gear selection will be very important to try to keep your speed up from the downhill section. After this uphill, you will then descend again into Harthill. Harthill is a residential area with speed humps & there may be some cars parked on the road, please proceed with extra care at Harthill. In Harthill, you will turn left at a mini island. This road is mainly flat for the first 2 km, there are some sections of poor road surface, so please be aware of these. After this flat section, you will drop downhill for a short distance, before then starting the final climb of each loop to the end of the loop follow the bright yellow signs.

If you are continuing, then turn left at the top of the hill. If you have finished the required amount of loops, please turn right. There will be Police at all of the main junctions to support riders during the event.

#### **Run**

On leaving the transition area, follow the race marshal's directions guiding you onto the internal pathway which surrounds the 2 main lakes, where you will complete 1 x 5KM lap in an anti-clockwise direction. The surface is a mixture of tarmac and sandstone. Follow the bright orange signs

When you have finished, please remember to return your Timing Chip to our officials.

#### **Course Reconnaissance**

The bike and run course will be set up from Saturday afternoon.
