Welcome to The Woodhall Spa Sprint Triathlon

We would like to welcome everyone to the 8th Woodhall Spa Sprint Triathlon organised by One Step Beyond Promotions, with the assistance of Lincoln Triathlon Club. Firstly we would like to thank Lincoln Tri for their support and also all of the volunteers that will be giving up their time, to ensure that everyone has a fun & safe day.

Midlands Sprint Triathlon Series

Woodhall Triathlon will be the last event in The Midlands Sprint Triathlon Series.

Confirmation of Entry

Competitors are requested to check on the list of entries posted on the web site to confirm that they have been successful in their application. One Step Beyond cannot be held responsible for loss of entries in the post and strongly advises competitors to enter on line if possible as this is a more secure entry system.

BTF Race Rules

You are recommended to familiarise yourself with the British Triathlon rules and regulations. Under these rules it is mandatory that all competitors must wear an approved helmet, that all cycles must be in a road worthy condition and that all competitors are insured by third party civil liability insurance – British Triathlon Members are insured as part of their membership package, and all other competitors will be required to purchase a Day Licence. If you require further information about Race Rules, please visit www.britishtriathlon.org or telephone the British Triathlon Federation on 01509 226161.

Calf Guards:

We have been asked to highlight that BTF Rule 9.1 states “competitors shall use no aids other than caps, goggles, nose clip and costume.” It has been deemed that Calf guards are not allowed to be worn in a non wetsuit swim. You will be asked to remove them prior to the swim if you are wearing any, if you refuse we have been advised that you will be disqualified.

BTF Licences

All athletes MUST produce their race licences at registration. If you forget your licence, or you have not paid the BTF levy due with your application, you will have to pay £5 for a BTF day licence at registration.

Age Restrictions

In line with British Triathlon rules, to be eligible to take part in this event competitors must be at least 15 years old on or before the 31st December 2013. In addition anyone under 18 years old must have parental permission to take part in the event. For more information visit: <http://www.britishtriathlon.org/uploads/files/Competition%20Rules%202006.pdf>.

As this event attracts all types of athletes, from complete novices to international standard athletes, you will see bikes worth from £25 to £5000. There are certain items which you will need: a swimming costume or swimming trunks, swimming goggles are also highly recommended but not compulsory. A road worthy bike, an ANSI/BS approved cycling helmet: these are available from Total Fitness prices start from around £30.

All other items such as elastic laces, specific triathlon clothing and tribars are not a necessity but will help you on the day. For further advice please contact Total Fitness on 0115 9222226. Race Registration

Saturday 15:00 – 17:00

Sunday 07:00 – 10:30

The registration area will be in the OSB gazebo adjacent to the playground. This year you will have two options for registering at the event, see times above. If you are able to register on the Saturday please do so as this will ease queues in the morning and will allow you to have a more enjoyable day!

Please ensure that before registering you know your race number. This can be found either from the competitors entries list on our race website or on the board by the registration area. First you must visit the ‘BTF Day Licence Desk’. If you have applied for a BTF Day Licence when entering, this will be issued to you at this point. If you did not apply for a BTF Day Licence, then you will be required to show your 2013 British Triathlon Federation Race Licence. If you are unable to do this, for any reason, then you will be required to purchase one for £5 before being allowed to register. There will be NO exceptions to this ruling. If you have a 2013 British Triathlon Federation Race Licence, please bring it with you. **Please note that all athletes will be required to show some form of photographic identification if you do not have a 2013 British Triathlon Federation Race Licence.** This is to stop people exchanging entries & ensures that all competitors are insured to compete in the event.

Continue forward and find the appropriate numbered table to collect your race envelope. This will contain 2 x race numbers and 1 x frame sticker. Please keep these safe, as they are required to allow entry into the transition area. Next collect your event shirt. Finally, collect your Timing Chip, when you collect your Timing Chip it will be checked to ensure your details are correctly stored. Do not lose your Timing Chip as you will need it to race.

Transition Area

The Transition Area will be situated next to the children’s playing area. This is a fully secured area for competitors only, it is where you will keep your bike during the swim and run sections. To get into the Transition Area you must show your race number at ALL times. You will also be asked to show both your race number & bike frame number when taking your bike out. This is for your security. Please understand this will cause queues during peak times, but it is for your benefit. The Transition Area will not close during the event, so please understand that if you are not racing that you will be asked to make a clear way for racing competitors.

Please note that all athletes will be required to show some form of photographic identification

The Team Event

Only one person is required to register for the whole team, but will be required to show ALL of the 2013 BTF Race Licences or they will need to pay £5 per person if they are not registered with the BTF. All relay team tags will take place by the team's bike racking position, inside the transition area. The swimmer will finish their swim, exit through the fire doors and then run to tag their team cyclist inside the transition area. The cyclist's bike must stay racked until the swimmer has tagged the cyclist. When the team cyclist finishes, he/she must re-rack their bike before tagging the team runner. All tagging will take place by passing the Timing Chip to the next team member.

Race Briefings – 07:45 & 09:45

These will take place at the transition area. If you are unsure about anything please attend. The Race Briefings will inform you of any last minute route changes and safety points. If you have any questions or queries on race day, please ask them after Race Briefing.

Race Start 08:00

The first wave of competitors will start at 08:00, the timekeeper will start 6 swimmers at 2-minute intervals. It is expected that the last competitor will start at approx. 11:54.

Electronic Timing

Providing fast and accurate results is the most critical part of any race. At Jaguar Timing we use the latest RFID based timing system. Each athlete is given a "chip" that generates a unique signal when it crosses through an antenna field. By using a database to assign each participant's personal information to each chip, timing software can easily calculate each participant's time and finish place.

To maximise the success of getting your time there are a few things required:

- Wear the chip!
- When attached to the strap wear it just above your LEFT ankle with the chip arrow pointing upwards. Our antenna fields will be positioned about this height, if you wear it anywhere else it may not be read.

When fitting your chip some people find it useful to smear a small amount of lubricant around that area to prevent any chaffing. We don't need you to run over bulky mats anymore and don't worry if you don't hear it make a noise. If you have run between the antenna and worn your chip correctly we will have a time for you.

Electronically capturing each finishers time allows us to continuously post preliminary provisional results on-site during the race in a number of ways.

On most occasions we will have full provisional results next day on our website - www.onestepbeyond.org.uk

At the moment these Triathlon chips are re-usable and as such need to be handed back at the finish of the race or before, if you have to retire early.

You will incur a charge of £10 if you fail to hand it in.

Race Numbers

Race Numbers must be worn on the back during the bike & the front during the run. Numbers must be pinned at all four corners. Number bands are allowed but it is recommended that two be worn. One number band for the top of the number & one number band for the bottom to stop your number creasing up and becoming unreadable.

NB. Please do not forget to bring safety pins.

The Swim – 400 Metres (12 Lengths)

The swim will take place in the 33 metre outdoor heated pool at Jubilee Park. Swim 12 lengths – 400 meters, you cannot walk along the bottom of the pool. Please arrive on poolside approx. 10 minutes before your start time. The timekeeper will start waves of 6 swimmers every 2 minutes. Your start time will be worked out from your estimated swim time that you fill in on your entry form. By doing this it is hoped that you will be with competitors of a similar standard during the swim section. There will be other competitors in the same lane during the race, it is the reasonability of the faster swimmer to overtake, but also remember that it is much easier to swim behind someone. It is your responsibility to count your own 12 lengths. There will be a marshal on poolside to randomly check that competitors are swimming 12 lengths. You will be supplied with a swim hat, please wear this to help the marshal count your lengths. If you wish to get changed for the bike and run section after the swim, you may either use the swimming pool changing rooms or change inside the transition area - nudity is not allowed.

Please Note: Competitors only allowed on the poolside.

The Bike – 24KM

From the swim, exit through the wooden gates at the bottom end of the pool, you will then turn left to the transition area. The surface is a mixture of stone & grass; we recommend that people wear shoes for this section to protect their feet. Before you start, you will need to set up your transition - all the kit you require during the race. This will include your cycling helmet, a bike in road worthy condition, shoes for cycling and running, your race numbers plus any clothes you wish to put on after the swim. Your bike frame sticker should be applied to your bike along the top tube close to your handlebars. Your helmet sticker should be stuck to the front of your helmet; this is for the race photographers to help identify you during the race.

It is important that you understand all of the entrance and exit points of the transition before you start. There are also specific points where you must mount and dismount your bike. An important rule that must be adhered to: **'competitors are required to fasten their helmet before touching their cycle in the transition area.'**

The cycle route is very easy to follow. From transition, cycle for approximately 100m until you reach the park exit where you will turn left onto the main road, cycle for a further 150m then take a right hand turn which will be signposted and marshalled. You will then stay on this road for approximately 1 mile where you will take another right turn, again this will be signposted and marshalled. Continue straight for just over a 1 mile where you take a left hand turn at the Junction of the B1191 Horncastle Road. After about 6 miles of the course in the village of Thornton you will turn left onto an unclassified road. After half a mile you will reach a T-junction, turn right, then almost immediately left again and through Thimbleby village. Turn left at the next junction, onto the B1190. Follow this road for approximately 4 miles to Horsington. Just before the end of this village, there is a left turn, which takes you via an unclassified road for 3 miles to Stixwoud. Where you will turn left and cycle for the remaining 2 miles back to Jubilee Park.

All of the roads that we use for the cycle section are open to the public; please adhere to all rules of the Highway Code, including 30 MPH speed limits. Please note that you are not allowed to take pace from other competitors during the cycle section, this means that you are not allowed to ride closer than 7 metres to another unless overtaking. You only have 15 seconds to overtake another competitor. When you reach the end of the bike section, dismount your bike at the appropriate point, re-rack your bike back into your original racking position and then take your helmet off.

The Run – 5KM

On leaving the transition area, follow the race marshal's directions onto the run course. On leaving the transition area, turn left out of the park. After about 200 metres take the first left and follow an unclassified road for 1.5 miles. At the end of this road, turn left again and follow the road back to the mini-roundabout. Another left, and after 400 metres the finish line will be in sight. The run course uses a mixture of pavements and unclassified roads. Please be aware that there might be other uses on the roads and pavements.
